The Honorable Kay Granger
Ranking Member
Committee of Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Town of Brooksville Water and Wastewater Infrastructure Improvements project through the State and Tribal Assistance Grants (STAG) account within the Environmental Protection Agency in fiscal year 2023.

The entity to receive funding for this project is the Town of Brooksville, which is located at 13826 East Main Street, Brooksville, Mississippi, 39739.

The funding would be used to construct certain water and wastewater system improvements for the Town, including a new water tank and supply well, lead service line replacement, elevated storage tank rehabilitation, pump station replacement, and wastewater lagoon repairs to comply with State and federal permits. The Town of Brooksville has the 24th lowest median income in the United States, which has impacted its ability to fund ongoing operation and maintenance on its physical infrastructure, including the water system. The project would be a valuable use of taxpayer funds because these investments would support a safer water supply for the residents of this community, while also promoting job growth, sustainable infrastructure, and economic development for the Town of Brooksville.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of this request. Please let me know if I can be of further assistance.

Sincerely,

Michael Guest
Member of Congress
