The Honorable Sam Graves
Ranking Member
Transportation and Infrastructure Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Bozeman Road Segment One within the Bozeman Reunion Access Network in surface transportation reauthorization legislation. The project sponsor for this project is the Madison County Board of Supervisors, and the project is located on Bozeman Road between Highway 463 and Gluckstadt Road in Madison County, Mississippi, 39110.

The funding is designated to complete Bozeman Road Segment One, which is an independent element of the overall Bozeman Reunion Access Network.

The project is an appropriate use of taxpayer dollars, as the County has obtained the needed local matching funds, as well as the support of the Mississippi Department of Transportation. The project would benefit this thriving community by alleviating traffic congestion from Interstate 55 and other associated roads, as well improving safety along the route. Several worldwide commercial enterprises are located nearby, as are schools, small businesses, and growing neighborhoods, and the Bozeman Road Access Network is a key component of improved connectivity for the people of Madison County. As a result of increased connectivity and greater transportation access throughout the community, the project would also reduce fuel consumption and allow for better air quality.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your consideration of this request. Please let me know if I can be of further assistance.

Sincerely,

Michael Guest
Member of Congress
