The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

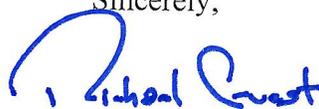

I am requesting funding for the City of Louisville, Mississippi, for the Water System Improvements project for Fiscal Year 2027. The entity to receive funding for this project is the City of Louisville located at 2723 South Church Street, Louisville, Mississippi, 39339. This funding would create a new water well for the City of Louisville; 1,500 linear feet of a new 8-inch raw water line from the new water well to existing raw water lines that connect to the treatment plant; new treatment plant services pumps; other ancillary improvements; and all necessary equipment for mobilization, drilling, and construction. This project is an appropriate use of taxpayer funds because it would make critical improvements to the aging water supply infrastructure to ensure it can continue to reliably provide clean and safe drinking water.

This project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project and neither does anyone in my immediate family.

Thank you for your consideration of this request. Please let me know if I can be of further assistance.

Sincerely,

Michael Guest
Member of Congress
